4:00-5:15 Friday: “Victory through Voice”

Victoria Dorshorn

Our nation is heading into spiritual darkness at exponential speeds. The powers in control in society seek to silence all voices that stand against the avalanche of evil. They strive to shut us in a closet so they can slam the door on our message of grace, truth, righteousness, and life. We must avoid the closet at all costs. But how can we speak out in this cultural climate? Will we be persecuted for speaking truth when the culture demands silence? Let us follow in the steps of the first century Christians and trust God for the victory.
